DRAFT//PRE-DECISIONAL

17 of 24 charted S-band racons and 9 of 10 VTS areas sit within 5 km of a large-ship route

Racons and Coast Guard Vessel Traffic Service areas over the large-ship hexagon grid

Source: NTIA analysis of MarineCadastre AIS, 104 sampled days in 2023 and 2024; large ships = cargo, tanker, passenger, military, and other seagoing ships 100 m or longer, plus tug-barges near the coast. Racons: NOAA ENC Direct (S-band = charted wavelength 0.10 m). VTS: U.S. Coast Guard.
