DRAFT//PRE-DECISIONAL

13 deep-draft ports each saw 1,000 or more different large ships within 10 km

Circle area = distinct large ships within 10 km of each deep-draft port, 2023 and 2024 together

Source: NTIA analysis of MarineCadastre AIS, 104 sampled days in 2023 and 2024; large ships = cargo, tanker, passenger, military, and other seagoing ships 100 m or longer, plus tug-barges near the coast. Ports: USACE Principal Ports, coastal or Great Lakes, 1 million tons or more of foreign trade.
